

BRP E-COMMERCE SOLUTION - ORDER MANAGEMENT & ANALYTICS

POLARISNET
INVENTING POSSIBILITIES

A network diagram consisting of numerous small black dots (nodes) connected by thin black lines, forming a complex web. The background is a solid blue color. The network is more dense on the left side and becomes sparser towards the right.

“

HELLO

We help businesses transform with smarter ways in adopting technology; creating possibilities that accelerates value creation. ””

ABOUT US

OUR GROUP STRUCTURE

Polaris helps businesses in their digital transformation journey; with solutions built for the Cloud and Mobile.

Our focus is into e-commerce solutions, data analytics and customised software development services.

GOS Group. Since 1986. Distribution of office supplies and equipment.

Customised Solutions & Technology Consultancy

E-Commerce Solutions

E-Commerce Marketing

Warehousing & fulfilment.

WHAT WE DO

OUR SOLUTIONS AND CAPABILITIES

SOLUTIONS

E-Commerce Order Management System, Marketplace & Accounting Integration, Analytics

CUSTOMISED SOLUTIONS

Bespoke Solutions & Systems Integration.

CONSULTANCY

Business & IT Strategy, Product Design & Development.

A network diagram with nodes and lines on a blue background. The nodes are represented by small black dots, and the lines are thin black lines connecting the nodes. The diagram is composed of several interconnected clusters of nodes, with some lines extending across the frame. The overall appearance is that of a complex, interconnected network or data structure.

“

WE BELIEVE

... that many businesses are being under-served and under-advised but have the potential to grow, with the right digital transformation strategies.

”

/ETHOS & VALUES

GREAT USER EXPERIENCES

We believe that users have the right to demand for elegant and well-thought-out interfaces; and that good design is not reserved for apps outside the business environment.

SUCCESSFUL SOLUTIONS DELIVERY

We endeavour to make each customer engagement a success. Our track record since our inception shows a high customer satisfaction and retention rate; many of which have continuously worked with us from day one.

PARTNER & CUSTOMER INTEREST

We believe in “Methodology over Technology”; in that often a practical solution can be achieved with the right approach without the costly reengineering of technology.

HISTORY & TRACK RECORD

2005

Polaris was founded as a startup that focuses on CRM solutions for SMEs.

2007

First Malaysian publicly listed company as a customer. First non-Malaysian based business using Polaris CRM.

2010

First UK AIMS listed customer. Appointed Hornbill SupportWorks partner for the Asia Pacific region.

2006

Polaris begins to build web applications which are integrated with accounting and inventory systems.

2008

Awarded MSC Malaysia Status in recognition of our continuous R & D efforts.

HISTORY & TRACK RECORD

2012

First government project in Malaysia. We successfully delivered the Ministry of Health's National Diabetes Registry.

2015

Launched the TouchSales mobile sales solution. Moved into new office in Bangsar South.

2018

Developed the IT helpdesk system for the Malaysian Road Transport department.

2014

Received the MDeC ICON3 grant award for the TouchSales mobile sales solution.

2016

Commencement of strategic investment and partnership with GOS Group of Companies.

BRP Solution development and pre-commercialisation. TouchSales Cloud Solution pre-launch.

“

WHAT ARE THE BIGGEST CHALLENGES „

for the e-Commerce Industry Players?

BUSINESS CHALLENGES

TOP 5 E-COMMERCE STRUGGLES

Management Across Multiple Channels

There is a challenge in manually [consolidating and managing data](#) to/from different sources (web, marketplaces, B2B etc.). This can lead to missed orders and delays in order fulfilment.

Lacking Profitability Analysis

Businesses are mostly unable to see if profits are made despite having considerable. There is a lack of visibility to measure sales after marketplace charges and other costs.

Inadequate Reporting and Analytics

Analysis into data such as the ability to identify repeating customers, product margins, sales trends, top products etc. is hard to be done without the proper tools.

BUSINESS CHALLENGES

TOP 5 E-COMMERCE STRUGGLES

Lack of Information on Stock Aging & Expiry

Not having timely stock information may result in **overstocking** or **understocking**. Cashflow issues such as cash being 'stuck' in inventory or 'holding' of unprofitable models may occur.

Inability to Verify Marketplace Payments & Charges

Overcharging may occur without a means to check marketplace statements, charges and withdrawals; especially during campaigns.

“

**INTRODUCING THE
BRP E-COMMERCE
SOLUTION**

”

BRP E-COMMERCE SOLUTION

INTRODUCTION

The BRP e-Commerce Solution is a multi-channel order management and analytics solution for e-Commerce sellers and any business that sells online.

The dashboard provides a comprehensive overview of business performance. Key metrics include:

- TOTAL ORDERS:** 1.211K (up 245%)
- TOTAL SALES:** 57.515K (up 92%)
- TOTAL CUSTOMERS:** 4 (up 242%)
- PEOPLE ONLINE:** 36

Order sources are dominated by Shopee (81.1%), with Lazada and Web accounting for 14.2% and 4.7% respectively. Order statuses show that 617 orders are fulfilled, 184 are instructed but not fulfilled, and 1.2K are not instructed.

Top selling items include the Super Bass TWS Bluetooth Earphone and the Habo JT48VF Double Speed Brushless Impact Electric Drill. Top categories are Electronics (65.6k sale, 1.6k units) and Home & Lifestyle (43.9k sale, 6k units).

Latest orders include a complete order for RM 5,000.00 on 18/04/2020 and a pending order for RM 45.68 on 23/03/2023. Inventory stock value for BRP is currently 0.

BRP E-COMMERCE SOLUTION

KEY OUTCOMES

Streamline your e-Commerce operations by automating [end-to-end business workflows](#) from sales to billing and fulfilment (including last mile delivery). Manage income & payment reconciliation, accounting integration and produce analytics.

Automate Repetitive Tasks

Enhance Productivity

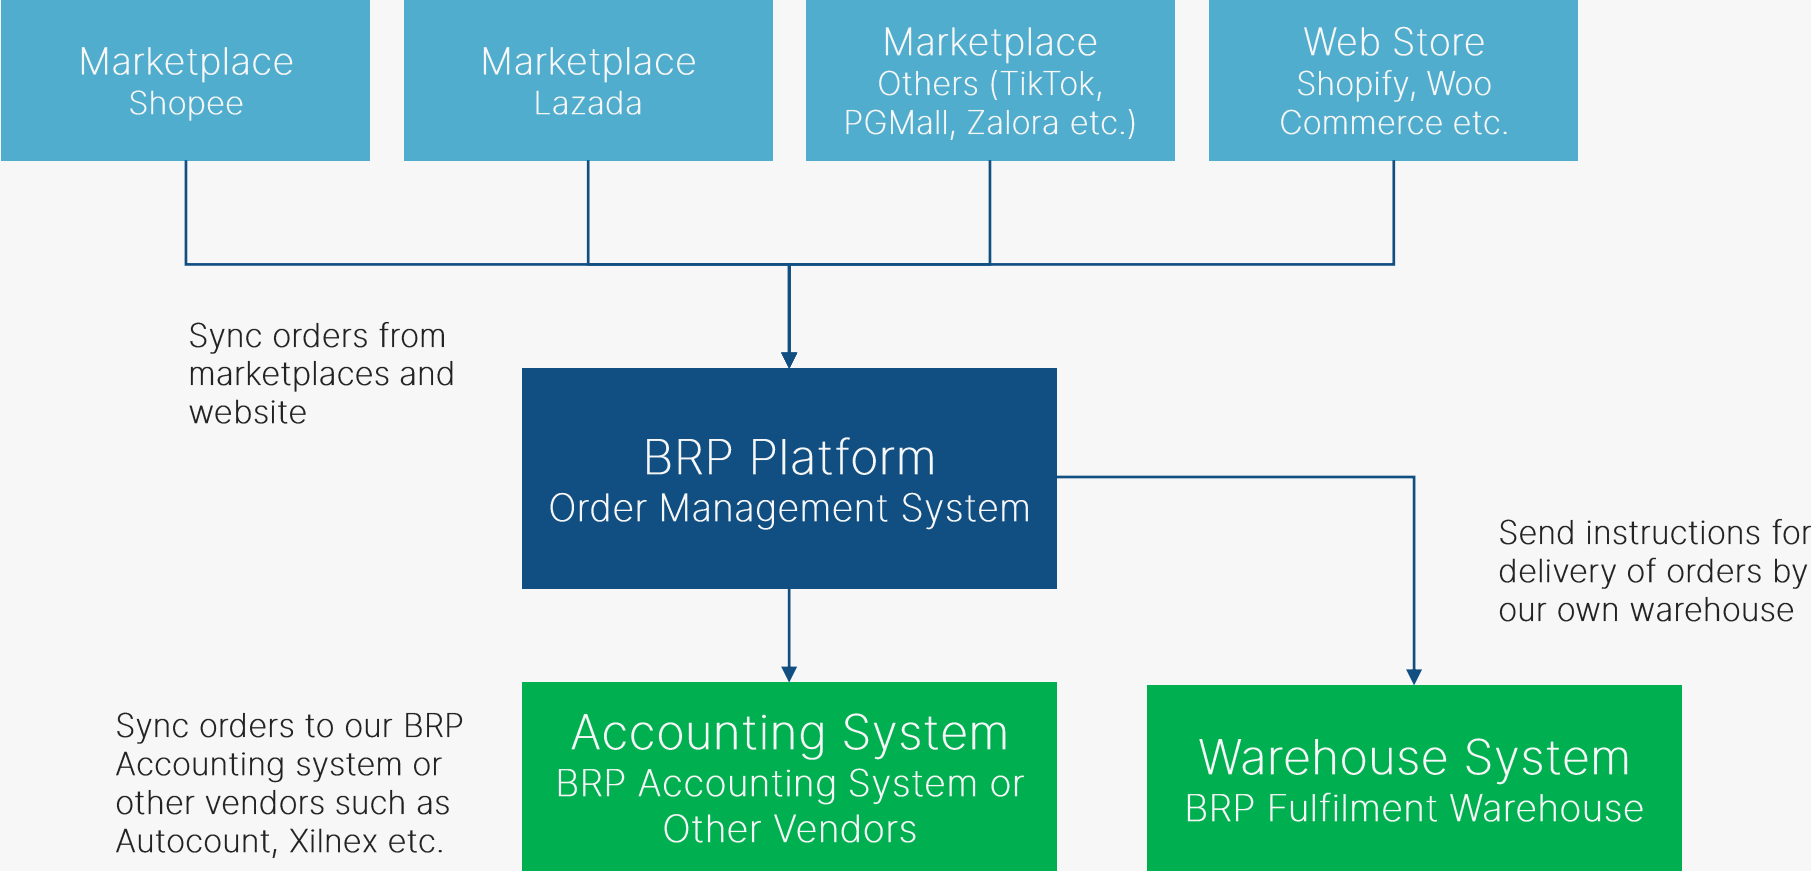

Improve Stock Turnaround Time

Reports & Analytics

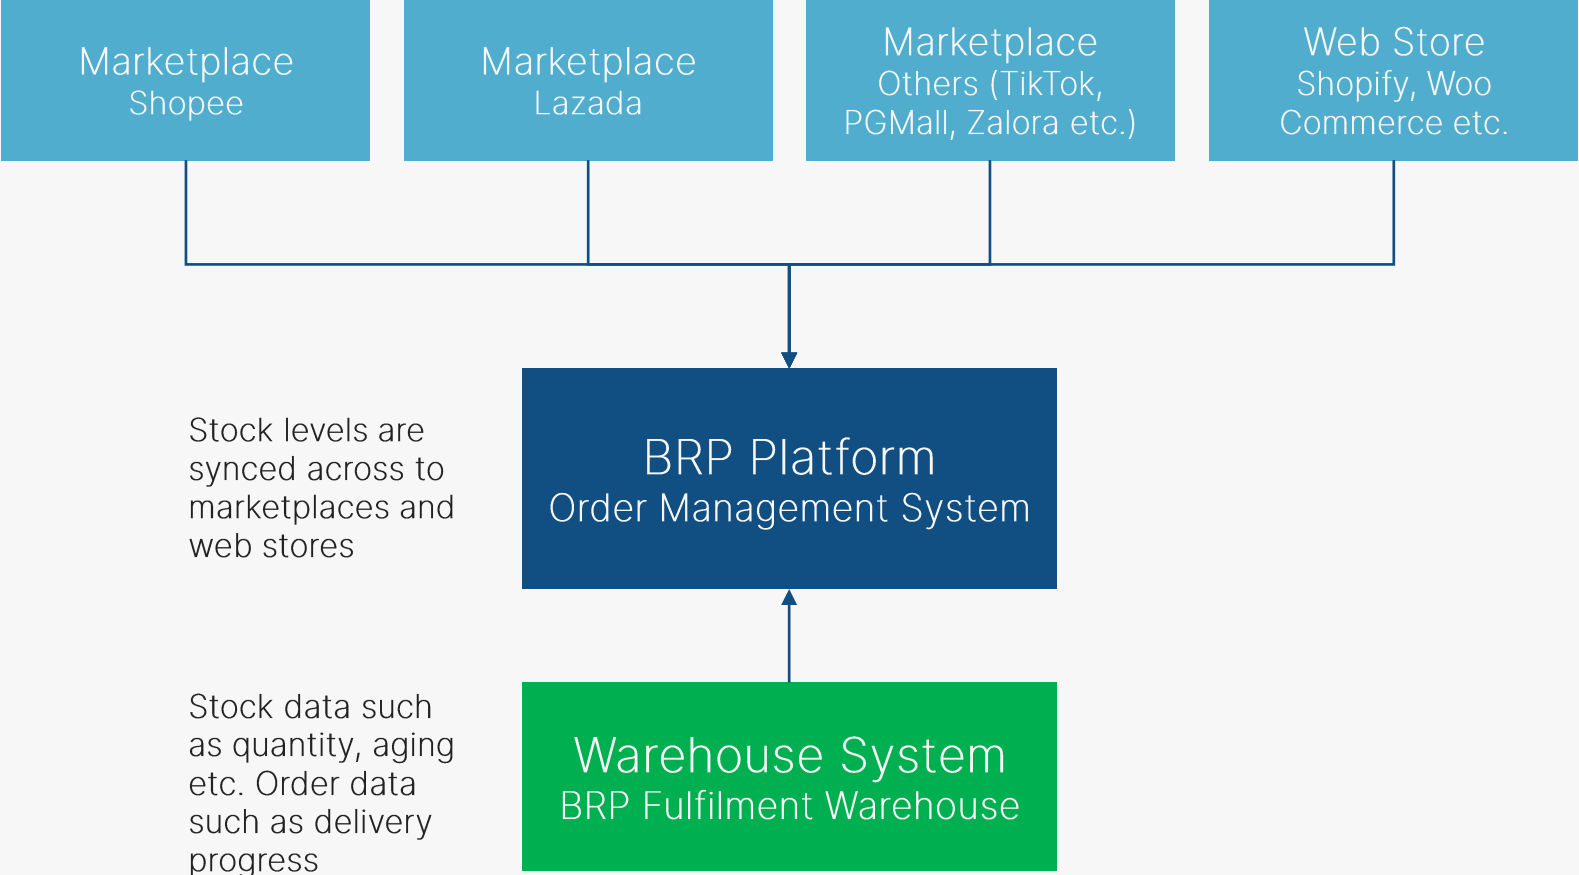

BRP E-COMMERCE SOLUTION

SIMPLIFIED BUSINESS WORKFLOWS (ORDERS)

BRP E-COMMERCE SOLUTION

SIMPLIFIED BUSINESS WORKFLOWS (PRODUCTS)

BRP E-COMMERCE SOLUTION

KEY FEATURES

Product Management- Sync product details and stock levels to all sales channels (marketplaces & web). Manage variations, bundles, tiered and promo pricing, free items.

Product Code Management - Match product codes between different marketplaces & accounting system to solve data consistency issues.

<input type="checkbox"/>	Image	Product Name ▼	Model	Price	RR Price	BRP Cost Price	Quantity Available	Principal Qty	BRP Current / Available Qty	Product Type	Status	Marketplace Sync	Action

BRP E-COMMERCE SOLUTION

KEY FEATURES

Order Management – View all orders and its status from every sales channel in one platform.

The screenshot displays the 'Orders' management interface. At the top, there's a navigation bar with 'Orders' and 'Home / Orders'. A search and filter section includes fields for 'Order ID', 'Marketplace Order No', 'Order Source' (set to 'All selected (13)'), 'Customer', 'Order Status' (set to 'All selected (26)'), and 'Date Added' (with 'Start Date' and 'End Date' pickers). A 'Filter' button is present. Below this is a 'Standard Order and Delivery Workflow' diagram with five steps: 1. Processing/Processed, 2. Awaiting Picking, 3. Packing, 4. Shipment, and 5. Complete. The main part of the interface is a table of orders.

	Order ID	Marketplace Shop Name	Marketplace Order No	Date Added	Customer	Categories	Payment Method	Payment Status	Order Status	Total	Created By	Courier	Tracking No.	Action

BRP E-COMMERCE SOLUTION

KEY FEATURES

Delivery Management – View order fulfilment status from every channel (including airway bills).

Manage deliveries including integration with courier services.

Direct integration with our BRP warehouse for an end-to-end customer experience.

The screenshot displays the BRP E-commerce solution interface. It is divided into several sections:

- Order Details:** A table with the following information:

Store	[Redacted]	Marketplace Shop ID	Xilnex (Transfer) - Shop Id 8
Date Added	04/12/2023 16:01:05		
Payment Method			
Shipping Method	Free Shipping		
Order Status	Processing		
- Customer Details:** A section with a profile icon and several rows of redacted information.
- Order (#372931):** A section with an information icon and a title. It contains two address fields:
 - Payment Address:** [Redacted]
 - Shipping Address:** [Redacted]
- Product List:** A table with the following data:

Product	Model	Quantity	Unit Price	Total
J22 TONICA LOTION 200ML	000288	2	RM 24.60	RM 49.20
J29 HAIR STYLING SPRAY 420ML	000294	2	RM 8.50	RM 17.00

BRP E-COMMERCE SOLUTION

KEY FEATURES

[Marketplace Integration](#) – Pull orders and update product data with various marketplaces such as Shopee, Lazada, TikTok, PGMall, Zalora etc. Integrates seamlessly with web stores such as Shopify, WooCommerce and EasyStore.

BRP E-COMMERCE SOLUTION

KEY FEATURES

Order Income Analysis – Reports to show income per order after factoring product cost and marketplace charges. Identify unprofitable products, overcharges and other anomalies.

BRP E-COMMERCE CUSTOMISATION

TAILORED SOLUTIONS FOR YOUR NEEDS

We support customisations to our solutions.

This can be integration with other 3rd-party solutions such as marketplaces, courier companies etc. or even to build new system features which are unique to your business.

“ **YOU ARE IN GOOD HANDS**

... and we are your solution partner for e-Commerce growth. Allow us to tell you why.

WHY WORK WITH US

EXPERIENCE & TRACK RECORD

Parent company has over 20 years of e-Commerce experience. Technology team has been building solutions since 2005.

DYNAMIC R&D TEAM

Solutions are designed and supported by in-house consultants and developers. Able to customise and integrate systems.

INTEGRATED SOLUTIONS

Our group integrates IT Solutions, e-Commerce Marketing and Warehousing & Fulfilment for an end-to-end solution.

CASE STUDY

MONO DIGITAL

Problems

Multiple marketplaces stores; making it time consuming for stores management
Batch billing on monthly basis; lack of transparency on prompt decision
Lack of Finance expertise to consult on Aging policy, Cash Conversion Cycle (CCC)

Solution

Platform that enables them to manage 25 Marketplace stores in a single login
Customised solution for Marketplace Marketing initiatives (eg: Bundle GWP in dedicated hour)

Result

Auto-billing (daily) & auto-knock off (weekly) of each transaction
Time savings of up to 80% in processing e-commerce transactions and reports
Improved stock aging policy, reduced aging stocks in hand, cash flow management

CASE STUDY

SMART OFFICE MALL

Problems

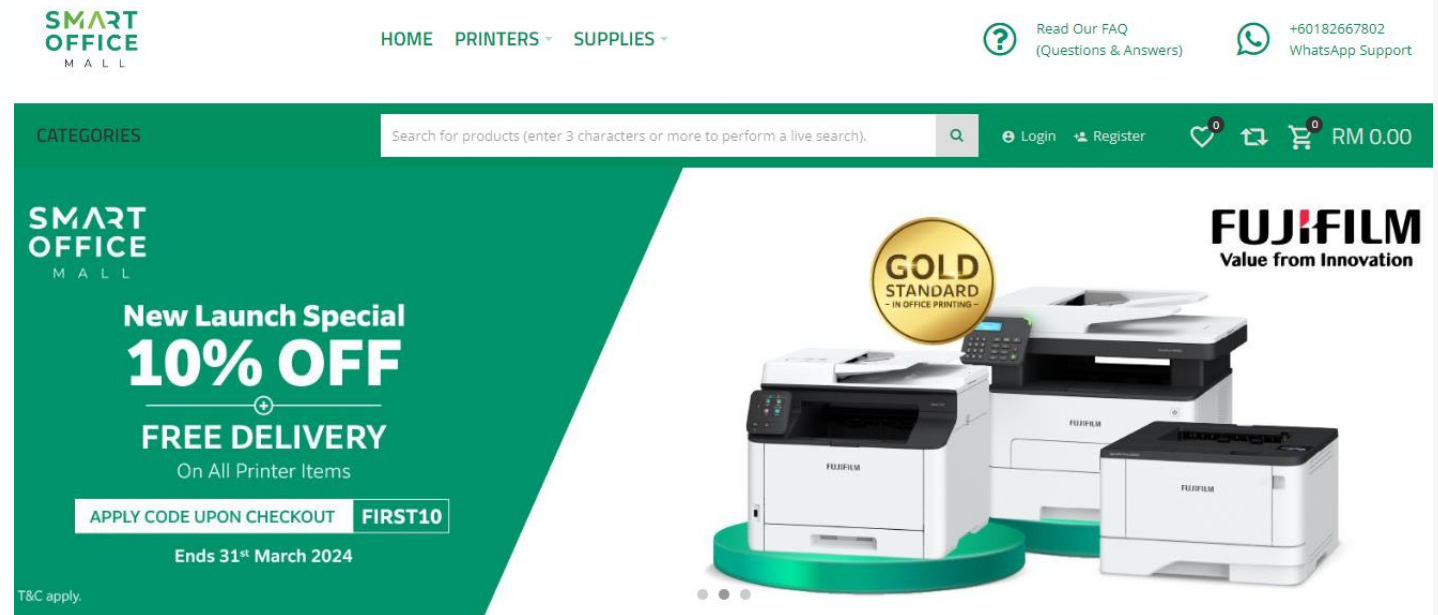

A new platform/channel for customer sales
A new platform to incentivise sales personnel

Solution

Outsource approach for platform development and administration
Fulfilment undertaken by GOS Group
Referral scheme where orders from customers will be tied to the agents/salesperson

Result

Launch at Jan 2024
> 500 agents/salesperson using to date

CASE STUDY

RB CLICKS

Problems

No channel/portal for staff to easily access their scheme to purchase company products

Solution

Total outsource approach for platform development and administration

Fulfilment undertaken by GOS Group

Result

Successfully roll out to benefit ~1000 employees

Generated > RM480,000 sales in 2020
